

Exposure: Hummered Tissues

1/20/1904

April 7th, 1914

Professor H. T. Barnes,

McGill University,

Montreal.

Dear Professor Barnes:

I doubt whether there will be many of our people at the Panama Pacific Exposition in 1915. Unless you have information as to the number of the members of the British Science Guilds being present, I should think it would be rather risky to propose holding a meeting at that time.

Yours sincerely,

President.
